## **VORTEX-GENIE® 2 MIXER—Rugged, reliable and long-lasting**

The original, unsurpassed Vortex-Genie 2 is essential laboratory equipment for any scientific discipline, and the vast array of accessories permits convenient mixing in any type of container.

- Many years of proven performance in laboratories all over the world.
- Variable speed control allows slow shaking up to high vortexing. In addition, each attachment is designed to produce different mixing actions, allowing users to choose the correct action for each application.
- A broad range of attachments of various shapes, sizes, and materials allows for mixing of almost all common tubes or containers.
- A 3-position power switch operates with "Hands-Free" continuous action or "Touch" control.
