## Scientific Industries Announces The Launch Of Multi-MicroPlate Genie Mixer

Scientific Industries Inc. (OTCBB-SCND), June 30, 2005 - Scientific Industries announced today expansion of the range of its MicroPlate Genie<sup>™</sup> product line with the introduction of the Multi-MicroPlate Genie<sup>™</sup>, a multiple-position microplate mixer. The Multi-MicroPlate Genie offers a small mixing orbit and variable mixing speeds for complete mixing in multiple microplates simultaneously. The Multi-MicroPlate Genie features an integrated timer allowing for hands-free operation and, with few exceptions, works with almost any type of microplate. Helena Santos, President and CEO of the Company commented that, "We are pleased that our expanded new product development and marketing initiatives are enabling us to add another new product to our growing product line."

The Multi-MicroPlate Genie may be used for a variety of applications in molecular biology and immunology laboratories, as well as any application that requires thorough and consistent mixing of multiple microplates at one time.

## **About Scientific Industries**

Scientific Industries manufactures and markets laboratory equipment, including the world-renowned Vortex-Genie<sup>®</sup> 2 Mixer. Scientific Industries' products are used by research laboratories, clinics, pharmaceutical manufacturers, medical device manufacturers, and other industries.
