FOR IMMEDIATE RELEASE (Bohemia, NY, October 31, 2006)

Scientific Industries Expands Magnetic Stirrers Product Line

Scientific Industries Inc. (OTCBB:SCND), October 31, 2006 - Scientific Industries proudly announces the expansion of the range of its magnetic stirrers product line with the introduction of the MegaMag Genie™, the Digital MegaMag Genie™, and the QuadMag Genie™. The powerful single-position MegaMag Genie provides optimal stirring for large volume containers up to 38 Liters. The Digital MegaMag offers true speed digital feedback and is adjustable in 10-RPM increments. The QuadMag Genie is a multi-position stirrer that provides vigorous stirring for up to 4 vessels simultaneously up to 2 liters.

“We are very excited that with the launch of our new MegaMag Genie and QuadMag Genie products we now have a complete line of magnetic stirrers”, noted Helena Santos, President and CEO.

About Scientific Industries

Scientific Industries designs, manufactures, and markets a variety of laboratory equipment, including the world-renowned Vortex-Genie® 2 Mixer. Scientific Industries' products are generally used for research purposes in laboratories of universities, hospitals, clinics, pharmaceutical companies, and medical device manufacturers.

“Statements made in this press release that relate to future events, performance or financial results of the Company are forward-looking statements which involve uncertainties that could cause actual events, performance or results to materially differ. The Company undertakes no obligation to update any of these statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as to the date hereof. Accordingly, any forward-looking statement should be read in conjunction with the additional information about risks and uncertainties set forth in the Company's Securities and Exchange Commission reports, including our annual report on Form 10-KSB.”
