FOR IMMEDIATE RELEASE (Bohemia, NY, September 20, 2010)

Scientific Industries launches a new product

Scientific Industries, Inc. (OTCBB:SCND), September 20, 2010 – Scientific Industries, a leader in the design and production of shakers and vortex mixers, including the world-renowned Vortex-Genie, today announced the introduction of its MegaMag Genie LR®, a magnetic stirrer designed to stir large volume containers up to 38 liters for applications requiring slow speeds ranging from 50 to 300 RPM.

The new product incorporates digital control and display of speed and time for reproducibility and accuracy, with true speed display capable of a variety of applications in research laboratories. The MegaMag Genie LR is being marketed primarily through the Company's extensive network of laboratory equipment dealers all over the world.

About Scientific Industries

Scientific Industries designs, manufactures, and markets a variety of laboratory equipment, including the world-renowned Vortex-Genie® Mixer, and produces and sells customized catalyst research instruments. Scientific Industries' products are generally used for research purposes in laboratories of universities, hospitals, pharmaceutical companies, chemical companies, and medical device manufacturers.
