

## Scientific Industries, Inc. 70 Orville Drive Bohemia, New York 11716 USA

FOR IMMEDIATE RELEASE (Bohemia, NY, September 25, 2009)

## **Scientific Industries Reports Earnings for Fiscal 2009**

September 25, 2009 - Scientific Industries Inc. (OTCBB-SCND), yesterday reported that for the year ended June 30, 2009 net income was \$319,500 (\$.27 per basic share) on net sales of \$5,989,100. For the year ended June 30, 2008 net income was \$391,500 (\$0.34 per basic share) on net sales of \$6,669,400. Pre-tax income for the fiscal 2009 and 2008 periods was \$403,900 and \$544,500, respectively.

The Company reported that the \$72,000 (18.4%) reduction in net income was principally the result of a drop of \$758,200 in sales of its Catalyst Research Instruments Operations which was partially offset by an increase of \$77,900 in net sales of its Benchtop Laboratory Equipment Operations and lower operating expenses.

Ms. Helena R. Santos, President and Chief Executive Officer, stated that while the Company is moderately pleased with the results in face of the recent and current economic slowdown, it is cautiously optimistic as to the expected results for the fiscal year ending June 30, 2010. She noted the backlog of orders for the Catalyst Research Instruments products of \$1.2 million as of June 30, 2009, which the Company expects to fill by December 31, 2009 and the anticipated continued increase in net sales of its Benchtop Laboratory Equipment operations for the current fiscal year.

## **About Scientific Industries**

Scientific Industries designs, manufactures, and markets a variety of laboratory equipment, including the worldrenowned Vortex-Genie® Mixer, and produces and sells customized catalyst research instruments. Scientific Industries' products are generally used for research purposes in laboratories of universities, hospitals, pharmaceutical companies, chemical companies, and medical device manufacturers.
